6. Copy and paste the CSV file URLs to the Visidea configuration

The screenshot shows the PrestaShop administration interface. The top navigation bar includes the PrestaShop logo, version 1.7.8.5, a 'Quick Access' dropdown, a search bar, and links for 'View my shop', a notification bell, a trophy icon, and a user profile icon. The left sidebar contains a 'Dashboard' link and two main sections: 'SELL' (Orders, Catalog, Customers, Customer Service, Stats) and 'IMPROVE' (Modules, Design, Shipping, Payment, International, Marketing). The 'Modules' section is expanded, showing 'Module Manager' and 'Module Catalog'. The main content area is titled 'Configure Visidea' and includes buttons for 'Back', 'Translate', 'Check update', and 'Manage hooks'. Below these is a 'Welcome to Visidea' message and a 'Settings' section with three input fields: 'Website' (localhost), 'Public Token' (lrFjpX2vdBLRqGs48y), and 'Private Token' (2e5hSP3VKvJQWy4P). A 'Save' button is at the bottom right of the settings section. At the bottom of the sidebar, there is a progress bar for 'Launch your shop!' at 36% and a 'RESUME' button.

The screenshot shows the Visidea configuration page. The top header features the Visidea logo, the text 'localhost', and a gear icon. The left sidebar contains a 'Dashboard' link, a 'My websites' section with a list of websites (localhost) and a 'New website' button, and an 'Account' section with links for 'Choose your plan!' and 'Help', and a 'LOGOUT' button. The main content area is titled 'Settings' and contains several input fields: 'Website name *' (localhost), 'Users file url' (https://localhost/modules/recommendify/csv/users_ELCN), 'Items file url' (https://localhost/modules/recommendify/csv/items_ELCN), 'Interactions file url' (https://localhost/modules/recommendify/csv/interactions), 'Public token *' (0KZvPRbRDFZz4MTK1i3MbLXs9ZlwF46M), and 'Private token *' (ELCN4KhzsIK9rPv7cxlJOAQYadxooVgq). At the bottom of the settings section are two buttons: 'SAVE' and 'DELETE'.

7. Please wait for automatic updates to generate the recommendations. The time for generating recommendations depends on the size of your shop.

How does the plugin work in the frontend of the website?

The plugin shows the recommendations with the configuration made in our management web app.

It can show recommendations in the home page, in the product page, in the shopping cart and in the order confirmation page.

If you choose to display the visual search button it will be shown in the header. Clicking it, the visual search feature will be presented and the user can upload an image to search for similar products in the website catalog.
